

Billionaire God of War Novel Chapter 01 – 05

Chapter 1 The best candidates

Fingol City, International Airport.

“Quick!”

“Quick!”

Dozens of people in black suits rushed to the exit tunnel, and their faces were very serious, and exuded a fear to the one looking at them.

The surrounding passengers hurriedly gave way, not daring to ruffle the feathers of these strangers, who so unexpectedly appeared around the corners of the corridors.

One of the suited man, with a pensive mood, headed forward and took a sudden turn to the right of the end of tunnel.

and soon found himself on the walkway outside the airport.

www.onlinefreenovels.com

Andrew was sitting on a bench and slowly putting out a smoke ring carelessly.

“Master wants you to come back, he misses you very much.”

Five steps behind, the man in the suit respectfully uttered these words, it appeared if it were not for delivering the Master’s orders, he wouldn’t have dared to breach a word in front of this man sitting on the bench.

Among others in this terrorising group, this man in the suit stood tall, his alpha status seemed well established and no one dared to offend him ever in this group he led.

But in front of the young man on the bench, he felt like a mouse in the face of a ferocious lion, extremely humble and meek!

“Miss me?”

Andrew turned his head slightly, with a sneer on his face . “Does he want my power, or his money back?” If

someone else had said this word, these men in suit would have assaulted without wasting a single moment,
But the man in the front was something different.

He was the member of the Connor Family, the only heir to the vast kingdom of wealth that equalled the richest kings the world had ever seen!

but this is not the only reason, they were reduced to humble demeanor for the person in front of them was the first god of war in the East, the carrier of great strength and tremendous wealth!

“Fifteen years ago, when he drove me out of the Connor Family and married the vixen, Andrew died.”

Andrew spit out the last smoke ring. “Now Andrew has nothing to do with the Connor Family in the north.”

He got up and left.

“Don’t send someone to find me again, otherwise, come one, I will kill one!”

The terrifying murderousness instantly enveloped the suit man!

It wasn’t until Andrew’s back disappeared that the clenched fist of the man in the suit gradually relaxed.

His back was already wet with sweat.

In front of Andrew, he was nervous.

The airport parking lot has already prepared a car.

Andrew got in the car and immediately dialed a number.

“Jackson, have you arranged it?”

There was a voice in the headphones.

“Give me the address.”

After that, Andrew hung up the phone directly, holding a piece of wrinkled candy paper in his hand, and his thoughts drifted to fifteen years ago.

At the age of fifteen, he was kicked out of the Connor Family and lived on the streets.

At the time of hunger and cold, a plainly dressed little girl gave Andrew the only candy in her hand.

Subsequently, he was taken away by a mysterious man.

When he first appeared, the whole world was shaking!

Three years later, he was hailed as the first god of war in the East. At that time, he was only eighteen years old!

Today, twelve years later, the prestige of God of War, which shocked the world, Andrew chose to retreat.

He will never forget that little girl.

He could not forget those pure eyes.

He can't forget that kind face.

Putting the candy paper carefully, Andrew took a deep breath.

If someone you know is here, I am afraid that this mighty First God of War is also nervous?

“I'm back.” The

car galloped away.

At that time.

The Grand Central Hotel Fingol City!

Can be described as lively.

The famous Matthew Family in Fingol City wants to recruit their son-in-law for his granddaughter Emma, which attracts many people's attention.

In the private room of the hotel, Emma sat there, her fists clenched tightly, her eyes flushed, and she was aggrieved.

Rayan, who was standing on the side, was flushed with anger.

"Logan, they don't have any good intentions at all! If you are still a man, go and reject the old man!"

she screamed. "Aren't you going to watch her daughter's happiness be ruined?"

What recruits son-in-law? Shit!

cynthia would not believe they were so kind.

The Matthew Family has grown from a small workshop to a third-rate family in Fingol City in fifteen years. The owner Matthew is a model from scratch.

Matthew has three sons, Stuart, Ben and Logan.

Stuart took over most of the Matthew Family's industry, Ben went to the provincial capital to develop the market, but Logan was in an accident, his legs were disabled, and now he can only rest at home and suffer a cold eye.

The recruitment of a son-in-law for her daughter this time was the decision Stuart and Ben encouraged the grandfather to make, and he patted his chest to ensure that Emma would definitely find an excellent man.

But the result?

Several of the candidates were mediocre and unknown people, not even one, not only ten years older than Emma, but also intermittent mental illness!

Where is this to find Emma's son-in-law, this is to destroy her!

Logan blushed at the moment, his heart was equally angry, but he still did not dare to disobey the old man.

He knew the temper of Matthew, the old man, and he always said that there was no one in the Matthew Family who could disobey him.

“He is Emma’s grandfather, and he won’t harm Emma.”

For a long time, Logan blushed out a word.

cynthia almost passed out, pointing to Logan, crying.

“Why did I marry you so useless!”

She knew that Logan was a filial son. She used to obey Matthew before, but now she was crippled, and she became weaker, and she didn’t dare to disobey Matthew’s meaning.

But no matter which man Emma chooses as his son-in-law, Emma will be destroyed!

Their family will be treated as a joke by the people of Fingol City!

cynthia cried sadly and scolded Logan, Emma really wept silently, and Logan could only grasp the thighs that she didn’t even know, and secretly blamed herself.

“Mom, don’t say dad.”

www.onlinefreenovels.com

Emma really squeezed out a smile, two beautiful tears on his beautiful face.

“Maybe, Grandpa will find a good man for me.”

Where she doesn’t know, this is what Uncle and Second Uncle mean.

After graduating from college, he entered the Matthew Group to work, and within two years, he had made outstanding achievements and suppressed their children.

They were only worried that they would compete for the Matthew Family’s property, so they encouraged the grandfather to wait to find a son-in-law to marry him. In this way, they would not be eligible for the Matthew Family’s property.

She knew that her parents knew it, but they were unable to fight.

In the Matthew Family, no one can disobey Grandpa’s decision, no one can do it.

Hearing the bell ringing, Emma really got up.

“Let’s go, Grandpa is in a hurry, it’s time to scold us again.”

Looking at Emma’s slightly trembling body, Logan was bitter and helpless. He dared not look at his wife and complained.

He knew clearly that staying in the Matthew Family, although suffocating, but at least the whole family had no worries about life. If they were driven out of the Matthew Family, what could they do?

In the hotel lobby, the lights were bright and the guests were all there.

Matthew, the old man of the Matthew Family sitting above him, has an exquisite Tang suit, with a cane, and his face glows red.

“Congratulations to Lord Matthew.”

“Congratulations to Lord Matthew for getting an outstanding grandson-in-law!”

One guest after another complimented Matthew.

“Dad, it’s about time, it’s time to announce.”

www.onlinefreenovels.com

Stuart, who was standing on the side, was burly and exuded a body.

He glanced at Emma, who was not far away, and said loudly: “Our son-in-law has already produced results. The best young people are selected.”

The best young people?

Huh, he knew in his heart that this virtuous son-in-law’s choice was to pick the worst one, and even some hidden diseases!

As long as Emma really married, that Matthew’s property has nothing to do with her.

Matthew, who absolutely does not allow things from the Matthew Family, fell into the hands of people outside his family.

“

Everyone !” Matthew stood up and opened his mouth. Everyone looked at it. “Today, I want to officially announce that my granddaughter Emma is really a husband-in-law!”

Chapter 2 Because You Are My Wife

Hearing the sound, Emma shivered.

She raised her head and looked at Matthew who was standing above. This grandpa seemed to have grown up and never cared about her.

Even when she was born, Matthew didn't take a look because she was a girl.

Now, he has to choose a husband for himself and decide his life.

Emma's chest was up and down, she was angry, she was helpless, she opened her mouth to resist, and suddenly saw Logan in a wheelchair, shook her head to her, and her eyes were full of prayers.

She still didn't speak.

“Everyone, after being selected by our Matthew Family, we selected the best one among more than a dozen excellent suitors and became Emma's husband. I hope that the two newcomers will get your blessings!”

www.onlinefreenovels.com

Matthew said End, applause from the audience.

It really sounded in Emma that it was only mocking her, even sympathizing with her.

Her eyes were reddish, and she endured the tears she was about to shed.

“Dad, this is the person.”

Stuart took out an exquisite card and handed it to Matthew with the name they finally selected.

They have long investigated that this guy has no background and is an orphan. Not only is he over 30 years old, he has a low education level, no education, no special skills, he is also a wanderer. It can be said that he is an extremely incompetent.

Moreover, there is intermittent psychosis.

I heard that this is hereditary!

In this way, as long as he is really married to Emma, it is not just Emma who has nothing to do with Matthew's industry. Emma's children also don't want to take a penny from the Matthew Family!

Stuart glanced at Emma's family sitting there, and there was a trace of pride in his face.

"Next, I will announce the final candidate!"

Matthew's presbyopia was a bit unclear, he narrowed his eyes and took a serious look before saying: "This lucky young man, Andrew!"

Immediately, everyone turned around and looked towards the back door of the hotel.

Of course, those who are in trouble can only walk in through the back door.

At this time, the back door opened and a young man stepped in.

Logan and his wife couldn't bear to see it.

They knew that Big Brother would only choose the most incompetent person for Emma to be her husband.

www.onlinefreenovels.com

Emma turned her head. She wanted to see who it would be and would soon become her husband.

Andrew raised his head, the two of them faced each other, and were speechless to each other.

He walked straight ahead, everyone looked at him, but the expression on his face, besides ridicule, was gloating.

"Andrew, congratulations, stand out, become Emma's husband, and become my Matthew'sson-in-law."

Stuart said, "You don't have to thank us, only hope you will treat Emma well in the future."

In his opinion, the Matthew Family gave It is a great graciousness to have a home for Andrew, a wandering orphan.

Stuart walked to Emma and took her hand gently, his face full of concern.

“Emma, come.”

He took Emma 's hand and took her to Andrew. He solemnly placed her hand in Andrew's.

At this scene, the guests applauded again, as if it was a happy engagement feast.

But the Logan knew that everyone was just watching their jokes!

Tomorrow, the entire city of Fingol will know that Emma really has an incompetent home husband, which will become a joke for them after dinner.

Emma's mind was blank, and the whole person seemed to be hollowed out.

She didn't seem to hear or see, and she didn't even know when the banquet ended.

As soon as the banquet ended, cynthia left with a cry, Logan could only chase in a wheelchair.

At the door of the hotel, the wind blew on his face, and Emma was sober.

Looking at Andrew standing beside her, she was expressionless, but her voice was hoarse.

“Uncle, I don't blame you.”

She whispered, “You are also a poor man.”

Andrew is ten years older than her, she called uncle, seems to be more suitable.

Andrew did not speak.

He didn't speak from beginning to end.

The person in front of her is the girl fifteen years ago, she is still so kind.

Even on such occasions, even if she was wronged, she accepted it for the sake of her parents to have a good life.

“Yo, cousin, congratulations.”

Suddenly, a person came out of the gate and smiled, “Congratulations, you have an excellent husband!” The

word excellent is deliberately bitten heavily and full of ridicule.

Emma really frowned, biting his lips lightly, glancing at Oliver, Xiu fist clenched.

“My dad broke their hearts for your lifelong event,”

Oliver sighed. “Now, you’re finally home, and my uncle can rest assured.”

After that, he didn’t care if Emma was so pale His face turned and glanced at Andrew.

This incompetent son-in-law was found by his father Stuart. He couldn’t help laughing when he thought of the information written on the document.

People can waste to this point.

“Brother-in-law, when you enter Matthew’s door, you must treat my sister well,”

Oliver said happily, “If you have a baby early, grandpa will be happy.”

“No matter what kind of baby, even a fool, my Matthew Family can afford it.”

Emma couldn’t bear it anymore, “Oliver, you said enough No!”

“Emma, I’m blessing you.”

Oliver said, “Grandpa said, I hope you have a baby early. I see, go back tonight, you will do the thing.”

This life If it’s a fool, it’s even more funny.

“You!”

Emma really raised his hand, Oliver suddenly looked up.

“Why, you still want to do it?”

Emma really bit his lip, angry and wronged.

She dared to fight the eldest grandson of the Matthew Family today, and tomorrow their family will be kicked out of the Matthew Family!

In the eyes of Matthew's grandfather, only the grandson is from the Matthew Family, and she... is simply not qualified.

Seeing Emma really let go, Oliver was more proud.

From small to large, only he really bullied Emma. Emma really didn't want to ask him for a small price.

"I'm doing it for you, you still don't appreciate it."

Oliver sighed deliberately. "Your father was disabled for so many years. If the Matthew Family hadn't raised it, your family of three would have starved to death, and now I'm trying to find a husband for you. Even if you don't thank Dade, you still want to hit me."

"If Grandpa knows you want to hit me, the consequences..."

Emma was shaking.

She looked at Oliver angrily. How can people be so shameless to this point!

She turned her head to leave, but Oliver still stopped her.

"Emma, this is Grandpa's decision. If you are not satisfied, just ask him to go."

Emma really grieved and shed tears.

"What do you want to do now?"

Suddenly, Andrew, who had not spoken, opened his mouth.

Emma looked up and looked at Andrew, blurting out.

"I just want to give him a slap!"

"Slap!" As

soon as the words fell, the applause was clear, Oliver covered his face, and the whole person fell on the ground without even screaming.

The hot pain on his face came before he reacted. This slap was on his face!

It was Andrew!

Oliver was stunned, and Emma was really stunned.

How dare Andrew dare to fight Oliver?

He is just a son-in-law at home!

“You...”

Emma was so scared that his face was pale.

Oliver will kill Andrew!

“Why do you listen to me?” Emma really moved his lips.

“Because now you are my wife.”

Andrew said.

Chapter 3 Removal!

Emma really felt his head roar.

She stared at Andrew in a daze, but she never thought that Andrew would do it for herself.

It was Oliver!

The grandson of the Matthew Family!

Just because... he is his wife now?

“You’re looking for death!”

Oliver reacted and immediately got up from the ground, punched his fist and smashed towards Andrew.

No one has ever dared to beat him, not to mention Emma's real husband, a useless son-in-law!

"Crack!"

His fist, just before Andrew, was grabbed by Andrew with one hand, and Andrew slammed hard, and Oliver's wrist heard a click!

"Ah—!"

Broken!

Oliver screamed.

"This is my wife. In the future, no one will be allowed to bully her."

Andrew finished talking before letting go of his hand and pulling Emma, who hadn't recovered yet, away.

"I will kill you! I will kill you!"

Oliver clutched his wrist in pain.

He never imagined that the waste son-in-law found by his family dared to follow his hands.

Emma is really over!

They are all done!

Oliver quickly ran towards the hotel, and he couldn't care to deal with the wound.

In the hotel private room, Stuart was still there, chatting with several business partners.

"Dad! Dad!"

Oliver rushed straight in, and Stuart, who was chatting, immediately frowned.

“Your father and son have something to talk about, then you talk, and we will talk again later.”

Several guests got up and left.

Stuart grinned and snorted, “What’s the furry, what are you doing!”

“Dad, I made people beat!”

Oliver gritted his teeth, “You see my hand, I was interrupted!”

“Who did “?

Stuart stood up immediately.

His baby son, even he is not willing to do it, who dares to give such a ruthless hand?

“Andrew!”

Oliver gritted his teeth, “It was Emma’s door-to-door husband!”

They had just given Andrew a new life. Even if the boy didn’t thank Dade, he would dare to start Oliver.

A wandering child, an incompetent useless waste, he reversed!

Stuart was furious.

“That son-in-law’s son-in-law hit?” In the

data, Andrew is a wandering child, even a wasteful one, and even has intermittent mental illness. I am afraid it is a sudden mental illness.

“Emma really let him slap me, he really did!”

“My hands were interrupted!”

Oliver’s eyes were red.

When did he suffer such a loss?

Stuart frowned.

“That boy is mentally ill, and I am afraid that he has a mental illness.”

He immediately made someone call the doctor to treat Oliver’s wound. “Don’t provoke this neuropathy, Emma, dare to let that Andrew hit you, hum, I will not She will be forgiven!”

“Dad, drive her out of the Matthew’shouse!”

Now there is a good excuse.

If this matter reaches Matthew, Emma’s family will get out!

Even the commander Sun dare to fight, who gave them the courage?

“Emma is currently in charge of a project. At a critical time, the contract is about to be signed, and if she is kicked out now, I am afraid it will have an impact.”

Emma’s work ability is extremely strong, and he won a few in just two years. project.

This is exactly why Stuart and his father worried that Emma would stand firm and completely threaten them.

www.onlinefreenovels.com

“Dad, the projects are all about the cynthiae. Anyone who sends them can sign the contract. If I sign these big orders, Grandpa will definitely value me more.”

Oliver said cruelly, “Get her away! Let them do this A parasite, let’s all die!”

.....

At that time.

Andrew followed Emma and returned to her house.

Along the way, Emma was still a bit stunned, and she never thought that Andrew would beat her for her.

When she was awake, she had to worry again. Andrew might offend Oliver with this action.

With that jerk's temper, he will definitely retaliate against Andrew.

"Ding Dong!"

She rang the doorbell, and after a while, Logan opened her mouth, looking at Emma's real eyes, full of guilt.

"Emma, you are back."

Logan saw Andrew behind him, his expression was stagnant, he didn't say anything, but just nodded slightly, "Come in, come in."

"

Not allowed to come in!" Andrew hasn't entered yet, Cynthia. Quickly rushed out, and there are still tears on that face, "

Get out of me! Get out of me!" "It's all because of you, Yu really wants to be a joke in Fingol City, you ruined her!"

"You Fu*k me! Fu*k!"

Cynthia cried while crying, ten thousand unwillingness, let Andrew become her home-in-law son-in-law.

If Andrew is excellent, then she can barely accept it.

But the result?

Andrew is ten years older than Emma, and he has nothing to accomplish, even a tramp!

She can't afford to lose this person!

Andrew did not speak and turned to go, Emma suddenly took his hand.

"Mom, let him go in."

Now let Andrew go out, Oliver will definitely find someone to kill him.

He only beat people for his own sake, Emma couldn't care less.

“Emma, he...”

“He...now is my husband.”

Emma bit his lip. The husband's name was so strange, as if with a needle, it hurt her heart.

cynthia trembles her lips and shakes her head in despair: “I don't care anymore!”

After she finished, she ran back to the room and slammed the door shut.

“Come in.”

Emma said softly.

Andrew nodded and walked into the room that didn't seem big.

The Matthew Family can be regarded as a third-rate family in Fingol City, but the real family of Emma is more difficult than ordinary people.

“You come with me.”

Emma was really afraid that cynthia would rush to Andrew and lead him into his room.

The room was not big, but it was neatly packed.

Emma took out the blanket from the cabinet and took out the straw mat on the ground. There was a trace of fatigue in his voice.

“Don't go out recently, Oliver will not let you go, stay in my house, he at least dare not come to the door to start.”

Emma really looked at Andrew. It was really hard to imagine that he suddenly had a husband.

“In the future, you sMaxwellp on the floor, I sMaxwellp on the bed, we are each other, well water does not violate the river, is there a problem?”

Andrew did not speak, just nodded.

He knew that Emma really couldn't remember himself, he couldn't like himself, he might even hate himself, because he suddenly became her husband.

But she is always kind, because she fears that Oliver will hurt herself and would rather grievance herself, but also to keep herself and protect herself.

This woman, grown up, is still so kind.

Andrew hesitated, whether to take out the candy paper, and thought about it, or not.

The two were silent and the atmosphere was awkward.

Suddenly, Emma's phone rang.

She couldn't help but look pale.

"Emma, from today on, you don't have to come to the Matthew's Group to work anymore!" The

phone call was from Oliver, soaring, "Huh, my dad has fired you! Your family, just wait to starve!"

said After that, Oliver hung up the phone with a bang.

It took Emma a long time to react.

She was fired?

Just because she let Andrew beat Oliver?

But from small to big, this bastard has not bullied himself, what kind of punishment has he received?

Emma really wanted to cry in grievance.

Andrew frowned at a glance.

Is this Oliver looking for death?

Chapter 4 Big Brother's Big Brother

Andrew frowned at a glance.

Is this Oliver looking for death?

He retaliated against Emma so quickly.

“He hit me, this matter has nothing to do with you.”

Andrew said directly, “I will solve it.”

“No.”

Emma shook his head, red eyes, “Don't go to him, he will ask you for it.” Life.”

This bastard is so cruel, he won't let Andrew go.

“Also, this matter cannot be known to my parents, otherwise they will definitely drive you out.”

Andrew was at his house, Oliver at least dared not come to the door to hurt people. If he was kicked out, Oliver would never let it go Andrew's.

“It's not just a job, Matthew's over there, I can find it again.”

Emma really squeezed a smile.

After that, she took a deep breath and went to organize her resume.

Andrew didn't speak. He had nothing to say about this kind girl.

All he can do is make the bully pay her!

Andrew took out his mobile phone and sent a text message. It was very short, but it was a murderous one.

...

Oliver is very proud now.

As long as the project is won, his position in the Matthew Family will naturally rise to another level.

In the future, it will be justified to become the successor of the Matthew Family.

With a bandage on his hand, he took the contract and went directly to the Daniel Group.

“I’m looking for President Daniel, who came to sign the contract.”

Walking to the front desk, Oliver looked up slightly, proudly.

“Hello, sir, do you have an appointment?”

“I am Oliver, the general manager of Matthew’s Group. This project has been discussed with you Mr. Daniel for a long time. I signed a contract today.”

Oliver was a little dissatisfied. A front desk asked so much what.

“I’m sorry, people without an appointment, Daniel gone.”

Foreground faint smiles.

“I said, I am the general manager of Matthew’s!”

“Sorry, Matthew’s Group, I only know Miss Emma, General Manager Daniel explained, Miss Emma came, you can go up directly, others, not seen.”

“You!”

Oliver was suddenly angry.

What does it mean?

Does Emma really have face?

She can go up directly, and she doesn’t even have the qualification to meet President Daniel? By what!

“This is a big project. If it’s delayed, can you afford the responsibility!”

Oliver said, shaking his hand, "I'm too lazy to care about you, I will go up by myself!"

He just heard a majestic voice after two steps.

"Every small project, I am someone who can afford it!" Mr.

Daniel is here!

Oliver immediately put on a smiley face and said in spite: "Mr. Daniel, what are you saying, I'm kidding!"

"This project is a small project for you, but a big project for me Stuart!"

He ran in a hurry and looked very respectful, "I have brought the contract, I don't know Mr. Daniel...":

"When did I say I want to sign a contract with you Stuart?" Mr.

Daniel frowned.

Oliver was startled.

Can't help

saying , "Is Emma really already talking to you?" "Yes, Emma is really talking to me. I want to sign. I also signed with her. Who are you?"

Oliver was even more angry.

He was a grandson of Matthew's parents and the general manager of Matthew's Group. Mr. Daniel asked who he was?

"I..."

"I don't care who you are. For this project, I only signed with Emma."

President Daniel said with a straight face, and a dozen security guards immediately ran over. "Other people are not qualified to sign with me and drop off. "

" President Daniel, President Daniel!"

Oliver was anxious.

If this item is fail, he will be killed by his family!

For Daniel, it is a small project, but for Matthew, it is a big project that can change fate!

“Why, want to make trouble?”

President Daniel turned his head and glanced at Oliver, and suddenly his face fell, “Throw it out!”

Before Oliver responded, a dozen security guards grabbed him directly and threw it out the door.

“Ouch!”

Oliver yelled in pain before he had a good hand.

When did he succumb so much that he was driven out directly!

“Emma really! Well you reallyEmma!”

Oliver blushed, see and from the people around them are staring at her, is angry, “It seems you with this Mr. Daniel, really an affair!”

Otherwise, this Mr. Daniel Yes, why would you only sign with Emma instead of signing with yourself?

Now Emma has been expelled from them. This matter, it's impossible for Emma to come.

But what if things don't work?

Oliver was very annoyed and had to hold a contract and immediately went to Stuart.

At the moment, President Daniel on the top floor is calling respectfully.

“Brother Fei, you have done what you asked. I don't know which big man, can you pleaseCarterFei?”

His face was full of respect, even with a trace of piety, and faced with Oliver. people!

“He is my brother, not please me, I just work for him, understand?”

I heard the voice, so Daniel whole body suddenly shocked, immediately nodded: “! Understand”

Allen has It's unfathomable. What is the horror of Carter's elder brother and this elder brother?

He dare not even think about it!

“Daniel, do you think that I have given you everything you got in Fingol City in the past five years?”

Jackson asked.

Daniel busy said: “If it wasn't for Carter to cultivate me, Daniel was nothing but a street bastard, where could there be today.”

“You think about it again.”

Jackson continued.

Daniel suddenly froze.

This is not the answer?

But it is indeed the help of Jackson, pointing himself a few words, in order to let him win at a few key nodes, laid the foundation in one fell swoop and developed to today!

Without Jackson's instructions, Daniel knew that he could not do it.

Suddenly, his throat slipped and his voice trembled: “Yes, Big Brother's Big Brother?”

“It's still smart.”

Jackson's voice came, “He can give you everything in one word, and the cynthiae can be deprived in one word .” Everything you have now, do you know what I mean?”

"I know!" Daniel said immediately, "Thanks to Carter for pointing, Daniel will do his job well!"

Jackson hung up the phone without saying anything .

Daniel felt that his legs were a little soft, and he walked to the sofa, sat down with a butt, and let out a long breath.

On his forehead, there was tension and cold sweat.

It turned out that the man behind him was the big brother, even because of his words, he had his own today!

What a terrible strength it is.

It took a long time for him to calm down, but his inner shock did not weaken in the slightest.

In his mind, the eldest brother's eldest brother was only a shadow, but this shadow was enough to make him worship!

"It seems that Emma really has something to do with Big Brother. Stuart and his son really don't know life or death!"

President Daniel took a deep breath and strongly suppressed the shock in his heart.

Chapter 5 Asking for help, you have to whisper!

Stuart's family.

Matthew was sitting there drinking tea, and he came here specifically for the project.

Agarwood on one side exudes a charming fragrance.

"Dad, this cooperation with President Daniel is very important to my Matthew Family."

Stuart said while making tea.

"That's natural, my Matthew Family will soon be able to take it to a higher level."

Matthew said with pleasure, "Now this project, how is the situation?"

"No problem, Oliver went to sign the contract today."

Stuart said, "Your grandson will never let you down."

Matthew nodded in satisfaction.

The men of the Matthew Family are excellent.

"Dad!"

Oliver wind and fire rushed in, his face not very good-looking.

Seeing Matthew also there, he dare not speak again.

"I

'm talking about you." Stuart beckoned. "Grandpa wants to ask you, what is the situation with the project that President Daniel cooperated with?"

Has the contract been signed?" Oliver glanced at Matthew. Support us.

"This project..."

Stuart's face suddenly sank when he looked like he was speechless, and he had a bad hunch in his heart.

"I went, but Mr. Daniel is not here today. He asked me to sign again tomorrow."

Oliver said with a stab in the throat.

If Grandpa knew that he had made the project yellow, he would have killed himself!

"This Daniel Zongcao was born with a arrogant temper, so you wait one more day, you just wait."

Matthew smiled and smiled.

"Yes, Grandpa, I listen to you."

Oliver could only continue with a stubborn daring.

Stuart saw that something was wrong.

He didn't say that, when the old man returned, he called Oliver to the study, his face completely sinking.

"What the hell is going on!"

he said angrily. "You dare to hide, I will kill you!"

"Dad!"

Oliver aggrieved, "This has nothing to do with me!"

"It's Emma!"

He said angrily: "That Mr. Daniel said that he only signed a contract with Emma. Others didn't even have the qualifications to meet him. I was kicked out by them directly!"

Oliver said, Stuart's face was not good.

His son Stuart was kicked out?

"That Emma must have a leg with the surname Daniel, otherwise how could it be like this?"

Oliver dissatisfied.

"The Mr. Daniel said, if it wasn't for Emma to sign, then the project would be nullified. His Mr. Daniel didn't care."

He could not care, but the Matthew Family cares!

"Do you know how much the Matthew Family has invested in this project?"

Stuart sullenly wished to kill his son. "If this project is fail, I won't kill you, your grandfather will kill you!"

Oliver's face instantly changed. It was pale.

“So what?”

he asked hurriedly.

I thought I could take advantage of the fisherman, but when I thought about it, this was a hot potato.

“How to do?”

Stuart scolded, “Who told you to expel Emma right now! Well now, the project is yellow, we both have to get out!”

Oliver dare to speak.

It’s you who expelled Emma, you are the president.

“Let Emma really come back and sign this project for me!”

Stuart shouted. “After signing this project, let her get away!”

“Will she be willing?”

Oliver asked cautiously.

“Call her now!”

Oliver’s throat knot slipped, daring not to refute.

He immediately took out his mobile phone and dialed Emma’s phone, but no one answered.

Emma doesn’t even want to answer their calls now.

“Dad, she didn’t answer, what now?”

“What should I do?”

Stuart sneered, “It seems that this girl is quite big, I am afraid that we have to come to ask her personally.”

If this project is extremely important, he simply I don't want to see Logan's family of three.

No, there is also the son-in-law of the neuropath, a family of four.

Now that Emma is really no longer qualified for the Matthew Family industry, he doesn't want to ignore this group of waste.

But now, I can't care so much.

Stuart immediately took Oliver and drove to Emma's home.

Soon, the two arrived in this dilapidated Lilburg.

Looking at the surrounding environment, Stuart frowned and walked cautiously, fearing to stain his pants.

"This is it."

Oliver pointed to a door.

They hardly come to such places.

Although the Matthew Family is rich, they are all in the old man Matthew. Several sons work in the Matthew Family, and they can only get salaries and dividends.

But after Logan was disabled, he couldn't work anymore. The economic situation was getting worse. If he had a house to live in, he still pityed him.

"Knock Knock!"

Oliver knocked hard on the door directly.

"Here's coming! What a knock on the door so hard!"

cynthia's voice came from the room.

As soon as she opened the door, she saw Stuart and his son standing at the door, and he was shocked.

Immediately, his face sank.

“What are you doing!”

“We are looking for Emma.”

Li Stuart said indifferently, and opened the door directly. “What about her?”

“She’s not there!”

cynthia said bluntly, “What are you looking for her for?”

“Emma!”

Stuart didn’t even care about cynthia, and shouted directly, “Uncle is here, don’t you come out and see.”

Emma heard the voice in the house, and didn’t expect them to come to the door.

For so many years, even if his father was disabled, Stuart did not visit him once. What are he doing today?

“Go, let’s go out.”

Andrew pulled Emma and went straight out.

When Emma really came out, Stuart laughed.

“Emma, still angry with Uncle?”

Emma really didn’t say anything.

“The company fired you, it was a misunderstanding,”

Stuart’s face flashed indifferently, “Now the company needs you to come back and sign President Daniel’s contract. If you really want to leave the company, you can go after signing the contract.”

Hearing this, Emma was really angry trembling.

When you don't need yourself, just fire yourself.

I need myself now and can't wait to come to the door to find it.

What do they think of themselves?

Tool?

Throw it out!

cynthia, who was on the side, also understood.

Even Stuart and his son actually fired Emma, she didn't even know.

"Brother, what do you mean, what do you really think of the Emma? What do you think of our family!"

She was annoyed.

"Aunt, your family is really nothing."

Oliver disdained, "Now Emma is still a bit useful, otherwise I am too lazy to come in your ruined house."

"You..."

cynthia was angry. when he raised his hand, he greeted Oliver's face.

"You dare to give it a try!"

Stuart shouted, majestic. "The Matthew Family, are you an old woman who dare to fight?"

cynthia bit her lip and was scolded by the old woman. What a shame!

"Slap!"

Suddenly, applause sounded.

Oliver covered his face, no matter how he believed it, Andrew started again!

“Defamation of my mother-in-law, who gave you the courage?”

Andrew stepped forward and said lightly, “If you ask someone, you will whisper. Has your dad ever taught you?”
